

# PTA After-School Enrichment Program Instructions

Registration is now open for Cherokee PTA's after school enrichment program. Please see attached information for class offerings and descriptions. Participation in these programs will enrich your child and contribute to PTA. Each program offered gives a percentage of class tuition to PTA.

## **Below are several important things for you to know:**

- These programs are NOT Lakota sponsored activities.
- There is not a limit to the number of classes that your child may choose to participate in as long as class times/dates don't conflict.
- **Payment** method varies by class. See each class description for payment information.
- **Dates and times vary by class.** See each class description for information specific to your class.
- If school is cancelled, class is cancelled. In the event there is early release, after school classes will be cancelled and all children sent home via their normal method.
- Please note the pickup time for your child. It is your responsibility to pick your child up on time from class. If your child is picked up late, they may be removed from the class at their instructor's discretion. Refunds will not be given.
- There is a minimum and maximum number of students allowed in each class. If a minimum number of children do not register for a particular class, the class will be cancelled.
- Cherokee PTA paper registration forms must be received by the PTA no later than the **three business days prior to the start of class**. Online dates may vary based on enrollment and instructor preference.
- **Complete the Cherokee PTA registration and emergency medical authorization (EMA) form** and return to school in an envelope marked: PTA After-School Program. **Students will not be allowed to attend classes until the EMA form is received. NO refunds will be given for classes missed due to PTA not receiving a student's EMA form.**
- You will be notified the day prior to class via email that your registration is confirmed. If you do not receive an e-mail, your paperwork was not received and you are not registered. You should contact Jennifer Brueshaber at [CEafterschoolprogram@gmail.com](mailto:CEafterschoolprogram@gmail.com) or 755-8200 x16217.

Programs offered will vary each session. There may be an increase or decrease in programs offered as attendance dictates. The PTA welcomes new ideas for programs and encourages you to share your ideas. Any questions regarding the after school programs should be directed to Jennifer Brueshaber at [CEafterschoolprogram@gmail.com](mailto:CEafterschoolprogram@gmail.com)

**Scientific Mayhem**— At Scientific Mayhem we want children to learn about science, but more importantly we want children to have fun while learning about science! We find order in the chaos by conducting scientific experiments at age-appropriate levels in a safe and controlled manner. We offer science activities and experiments based in biology, chemistry and physics as well as other scientific disciplines. If your student can't seem to get enough science at school, or is trying to re-create an experiment he or she watched on You Tube, then Scientific Mayhem is the class you need!

**Kidz Home Alone**—Would your child know what to do if they forgot their house key? What if they are home alone and they are choking? This course is designed to teach your child about being home alone safely. An informative parent guide is included in the student manual, and provides an avenue for discussion between parent and child. This engaging and interactive class is fun and includes guest speakers from the local Police and Fire Departments (when available). Students will learn skills to answer the phone and door, call 9-1-1, first aid and safety and Heimlich Maneuver, house rules and boundaries, fire escape and severe weather planning.
